JULY 2019

Education is the most powerful weapon which you can use to change the world. Nelson Mandela

What happened in the last month at PVP School?

Education not only for the children: 13 of the 16 candidates who will be doing two and a half years of training in Early Childhood Development completed their first week at the Midlands Community College in Nottingham Road. PVP is excited to be a part of this program sponsored by the Health & Welfare Seta. 4 of our assistants are also taking part. They came back bursting with enthusiasm and having very much to say about all they learnt. We thank God, and everyone else involved, for this great opportunity.

Because of this program we have employed a "second shift" of assistants who will be helping at the school whenever team 1 is away on training or busy with their studies. We have been able to choose a great team and thank everyone who came for the interviews and especially those who accepted the offer to join us.

Now this leaves only a small place to talk about our main asset: Our children—we thank God for the opportunity to make a difference in the lives of 128 children who lighten up our lives with their presence, their energy, their willingness to learn and their sparkle. And we thank all of you for sharing this journey with us.

From the Classroom:
Mandela Day gave us the opportunity to talk about our grandparents. Besides the lovely card our children made for them, they were going to visit their grandparents, drink tea with them & help tidy up afterwards ♥

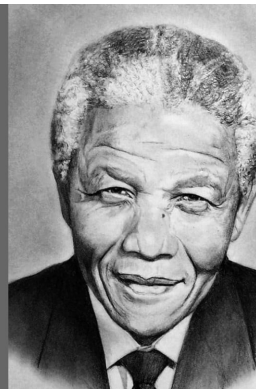

Something to look forward to:

Without education, your children can never really meet the challenges they face. So it is vital to educate children and explain that they should play a role in their country.
